

Simplify your business operations with Clover

You're a business owner and you're busy. That's why we teamed up with Clover. Clover is an all-in-one payment processing system and business management solution tailored to your unique needs.

Clover can help you:

- Accept more types of payments including EMV® chip cards, Apple Pay® and Samsung Pay®
- Help protect your customers, business, and reputation from fraud with built-in security
- Uncover new insights and compare sales against competition within your market
- Help generate more visits and more sales against competition within your market
- Grow your business online and manage everything in one place
- Manage inventory, employee schedules, payroll, and more

Clover Point-of-Sale (POS) Systems

In addition to hundreds of business management applications and built-in reporting capabilities, Clover point of sale solutions include:

- **Clover Go** - All-in-one contactless, chip, and swipe card reader that wirelessly pairs with a mobile device.

- **Clover Flex** - Accept payments table-side, in-line, on the floor, or off-premises with this handheld portable POS. A single device includes a built-in receipt printer, camera, and QR scanner.
- **Clover Mini** - Compact countertop system with full-scale POS functionality that can connect to your cash drawer.
- **Clover Station Solo** - All-in-one countertop, POS, and business management system with one merchant-facing screen and a receipt printer that enables you to run your business efficiently.
- **Clover Station Duo** - A fast and powerful all-in-one countertop POS and business management system with a second screen that lets customers initiate payment and view the transaction.
- **No Hardware Option** - Run your business from your laptop, phone, or tablet.
