

Investing in education since 1953!

We are excited to provide three Kings County high school senior FAST Credit Union Members, each with a \$2,000 scholarship.

Our scholarship committee will choose three recipients from Kings County high schools. Each recipient will receive \$1,000 deposited directly into their FAST Credit Union account upon uploading proof of enrollment to college or trade school. One year later (or halfway through the trade school program), we'll ask each recipient to complete a short follow-up form. Subsequently, they will receive the second \$1,000 deposited into their FAST Credit Union account. The issuance of the second half of the scholarship is contingent upon nothing more than their continued enrollment and follow-up with FAST Credit Union.
